

New XEBRA[®] 2009

ZAPCAR[®]

Innovation

The ZAP XEBRA is the offspring of more than three decades of thought and evolution. This car was created as a breed by itself. With the ZAP XEBRA, the wheel did indeed need to be reinvented.

- Only City-Class EV in Production
- Approx. 3 cents per mile
- Speeds Up to 40 MPH (64.3 km/h)
- Range Up to 25 miles (40 km)

100% Electric Hatchback with plenty of storage

Color Options

Blue Red Green

White Copper

100% ELECTRIC PLUG IN

Laugh at high oil prices, in fact, forget about gas stations, oil spills, and fumes forever! A XEBRA's appetite is meager and you can recharge it at any electrical outlet.

Even after counting emissions from electric generating plants XEBRAS produce 90% fewer pollutants than most current gas cars.
